

#IAMRESPONSIBLE

As a man, I am responsible for co-creating healthy male culture.

It is time for men to step through discomfort into collective action for a higher purpose. We do this for a sustainable global ecosystem, for the empowerment of all human beings, and for our own personal fulfillment. We do this because it is right and moral. We do this because the world needs emotionally mature, powerful, compassionate, and purpose driven men to help heal the past and create the future.
